HOW WE WORK

Principals on every engagement.

Jack and Connor do the work personally. There is no hand-off to a junior team after the first meeting.

A success fee, and nothing before it.

No retainer and no upfront fees. We are paid when your transaction closes.

A competitive process.

Buyers sharpen their offers when they know they are not the only option.

Selective by design.

We take on fewer engagements than a bigger firm would, so the ones we take get our full attention.
